Kaiyan L

Kaiyan is an excellent student with great work ethic and dedication. Kaiyan started out as a home schooled, non-native speaker of English who had never studied English Literature and did not have experience with the use of academic English before. And yet, after only one year of tutorials and thanks to her excellent focus, attention to detail, and persistence, she managed to get an A (80%) in her AS Literature. Her progress is truly admirable and inspiring. Well done!
